Dr. E. W. Bertner
Blakes by the Lakes
Alexandria, Minnesota

Dear Dr. Bertner:

I was so glad to hear that the fishing is better, the weather cooler and that you were in a more cheerful frame of mind altogether.

This has been an exceptionally dull week. The only things going on have been things I stirred up myself. Dr. Greer and his Children's Foundation are still on the future list of activities.

I had my appointment with Mrs. Smith and Mrs. Chase and have talked with the radio people and we are well along in our plans for publicity in connection with the Convalescent Home open house between 5 and 8 p.m. August 28. Dr. Clark got home last evening and I have in a call for him now.

Hope every body - will be happy

We have mailed out another 300 of our pamphlets, these to a select list of lawyers.

fine

The weather turned cool a few days ago and the air conditioning plant was repaired about the same time.

You seem to be getting results both ways

You have received a very nice letter and the pathology outline from Dr. Clarke and I am writing him an acknowledgment.

fine

I had a good talk with Mr. Freeman this week. He does not want to attend the Executive Committee meeting if we have it next week. Feels that even though he is vice president he should not try to take your place in things like that, that it might appear there was too much Anderson Foundation, etc. So I won't know until Leland Anderson gets back whether or not we will meet next week.

Guess this can wait until next week as I will be there Monday.

Jim Rockwell has been named by the Board of Regents to serve as their representative on the Outpatient Clinic committee. ??

advisory committee ??

Last week I forgot something rather important to me.... We have a beautiful brand new Dodge ! I called Bob Jessup and thanked him for his efforts and he no doubt was relieved. He was very nice, thanks to you, and I am sure would have finally gotten a car for me.

You know more pull than I do

THE TEXAS MEDICAL CENTER

I failed to tell you last week that at the flood control meeting it was decided we would not have any publicity on the matter at this time.

Dale Fry

I believe this is all the news today. I probably will write you sometime early next week if we get the Executive Committee meeting.

Continue to enjoy yourself and come home rested and full of pep. Best regards also to Mrs. Bertner.

Sincerely,

Mr B Dnd's best - *Sue*
Weather much cooler &
fishing much better. Caught
28 beautiful 3/4 + 4 # Bass
yesterday -

We will leave for Minneapolis
Friday for a stay until we
leave there 12 noon Sunday
Home 1:30 PM Monday

Sincerely

EWS
